

Carex glauca

Blue Sedge

Type: Sedge

Size: 6-12”H x 6-18”W

Exposure: Sun/Partial Sun

Flower Color: N/A

Bloom Time: Spring/Summer

- Native to Europe and Northern Africa
- Attractive gray-green foliage
- Dense spreading habit
- Evergreen in mild winter climates
- Excellent choice for a ground cover
- May be used as a lawn substitute with infrequent mowing
- Prefers moist sunny places but will tolerate drought conditions
- Moderate growth rate
- Low maintenance and easy to contain
- Highly adaptable species that can tolerate various soil types
- Tolerates light foot traffic, light shade, and competition with tree roots
- Similar foliage color to Carex nigra
