

Leptospermum laevigatum

Australian Tea Tree

Type: Shrub/Small Tree
Size: 15-20'H x 15-20'W
Exposure: Sun
Flower Color: White
Bloom Time: Spring

- Native to New South Wales, Victoria, Tasmania, and South Australia
- Attracts seed eating and insect eating birds
- Oval gray-green leaves
- Trunks on mature trees have interesting twisted form
- Evergreen
- Good choice for screen plantings or for a windbreak
- Can be used as a specimen tree
- Prefers full sun and well draining soil but will tolerate a wide range of garden conditions
- Frost tolerant to approximately 20°F
